

**For immediate release:**

**InterMed Resources TN has signed an agreement with HealthTrust to distribute Summit Medical Product, Inc's line of post-operative ambIT® infusion pain pumps**

**Brentwood, Tennessee – September 22, 2014** – Summit Medical Products, Inc. and InterMed Resources TN LLC announced today the signing of an agreement with HealthTrust, a leading group purchasing and cost management organization that serves nearly 1,400 acute care facilities nationwide.

Effective October 1, 2014, Summit Medical will sell its entire line of post-operative pain management pumps and accessories through a distribution agreement with InterMed Resources TN to HealthTrust member facilities throughout the United States.

The ambIT® infusion pain pumps and accessories are manufactured by Summit Medical Products, Inc. located in Sandy, Utah. Through this agreement, HealthTrust members will have access to Summit Medical Products, Inc.'s ambIT® infusion pain pump as well as their portfolio of infusion therapy accessories.

Working together as a team, Summit and InterMed are committed to providing high quality and cost-effective products that enhance patient outcomes.

**About InterMed Resources TN**

InterMed Resources, located in Brentwood, Tennessee, is a minority owned business (MBE) that provides national and corporate consulting and contract management services to a variety of medical device manufacturers and suppliers focused on acute care, surgery centers, hospitals, long-term care and physician markets. InterMed specializes in representing innovative medical device companies and suppliers in the small and medium business market segments. Our management team has extensive clinical, sales, distribution and national contracting experience (over 50 years collectively) in medical devices.

**About Summit Medical Products, Inc.**

Summit Medical Products, Inc. brings you an even better way to care for people with the ambIT® Electronic Infusion Pump. The ambIT® Pump is a sophisticated solution that allows for a safe and volumetrically accurate infusion which can be used for multiple applications including pain management, chemotherapy, and the administration of antibiotics. Many accessories to the pump are available which include catheters and introducers. The unique design meets both domestic and international safety standards and is approved for sale in countries around the world. The ambIT® Pump is high quality yet cost-efficient, and is certified for use by the military.
